Are the parts being replaced covered under Harvest's Warranty (see Warranty card on page 3 for details)?

If yes, please give details of the failure below (what went wrong, when, etc.). This is required for warranty coverage.

Notes

Prices do not include labor or materials/parts required for installation. You are responsible for checking part compatibility before ordering (see Parts List tab) -- shipping charges will apply for replacing incorrect orders. Terms: Payments are due net 15 upon delivery; Shipments are FOB-destination. Inspect all shipments before accepting delivery. Thank you!

Allow one business day for order processing. Our default shipping method is USPS Priority Mail within the United States. Contact our office if you need to make alternate arrangements.

I certify that parts requested under Harvest's Warranty have only been used in a system serviced solely by Harvest-qualified installers and used only as intended per Harvest Installation and Service Manuals:

PO# _____ Date: _____

Signature: _____

Requested Delivery Date(s): _____

Smart Thermal Battery

For issues or problems contact a Harvest-qualified installer

For questions related to individual appliances and their warranties, contact the respective appliance manufacturers

For system-level questions, contact support@harvest-thermal.com, (510) 962-6898

HARVEST POD™ LIMITED WARRANTY *Warranty Condition as of April 1, 2025, to the Original Owner Only*

Harvest’s mission is to lower the carbon footprint of every home. We can only accomplish that mission by making quality products that homeowners can trust and are proud to tell their neighbors about.

We appreciate that while you are a pioneer in home decarbonization, you still need peace of mind about your new system. If the electronic controller in your Harvest Pod™ stops functioning, hot water will continue to be supplied to your home. Heating and cooling (if installed) will also be available, from the heat pump A/C for Harvest Open, and at a reduced capacity for Harvest Classic and Radiant, as long as the Harvest Pod™ and the air handler/radiant circulator remain powered on. The system has a built-in ‘Basic mode’ where the main appliances still function although it won’t time shift and Classic and Radiant configurations will have limited heating output. Basic mode gives you time and flexibility to get your system serviced.

Warranty

- Thermostatic mixing valve and check valves in the Harvest Pod: **24 months** from the date of installation. These components may need to be replaced over the life of the system depending on local water quality.
- Harvest Pod™ other plumbing components and assemblies: **five (5) years** if local water hardness is less than 300 mg/litre and pH is greater than 6.3 and less than 8.2.
- Harvest Pod™ other plumbing components and assemblies: **ten (10) years** if local water hardness is less than 200 mg/litre and pH is greater than 6.5 and less than 8.0.
- Harvest Pod™ electronics: **ten (10) years**.

This Limited Warranty does NOT include labor or any other costs incurred for service, maintenance, repair, removing, replacing, installing, shipping or handling of defective or replacement product or parts.

These warranties only apply if the Harvest Pod™ has been installed by a certified Harvest installer in accordance with our documentation and isn’t modified or damaged in any way aside from reasonable wear and tear. In addition, any service performed on the Harvest Pod™ must be done by a Harvest-Qualified installer.

For technical support or warranty-related issues, please contact your installer.

That was the easy part. Here’s the part that the lawyers made us add:

- For clarity, this warranty does NOT cover failures caused by:
 - Service or maintenance work performed by a non-Harvest Qualified installer;
 - Any third-party product, service, or system connected or used in conjunction with the Harvest Pod™;
 - Modification, alteration, abuse, misuse, negligence, or accident;
 - Improper storage, installation, maintenance, or operation; or
 - Any acts of God including, but not limited to, fire, water, storms, lightning, or earthquakes, or any theft or riots.
- Should a covered defect occur during the warranty period and Customer notifies Harvest Thermal, the Customer’s sole and exclusive remedy will be, at Harvest Thermal’s sole option and expense, to repair or replace the hardware, and/or replace or upgrade the software. Replacement products or parts may be new or reconditioned or a comparable version of the defective item. Harvest Thermal warrants any replaced product or part for a period of ninety (90) days from shipment, or through the end of the original warranty, whichever is longer.
- THE FOREGOING WARRANTIES AND REMEDIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE DURATION OF THE LIMITED WARRANTY.
- NEITHER HARVEST THERMAL NOR ITS SUPPLIERS OR PARTNERS SHALL BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES OF ANY KIND, OR FINANCIAL LOSS ARISING OUT OF OR IN CONNECTION WITH THE SALE OR USE OF THIS PRODUCT, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR ANY OTHER THEORY, EVEN IF HARVEST THERMAL HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, HARVEST THERMAL’S ENTIRE LIABILITY SHALL BE LIMITED TO REPLACEMENT OR REPAIR OF THE PRODUCT.
- No action arising out of any claimed breach of this limited warranty may be brought by you more than one (1) year after the cause of action has arisen.
- This limited warranty gives you specific legal rights, and you also have other rights that vary from state to state. Please be advised that some state laws do not allow exclusions or limitations on incidental or consequential damages, or limitations on how long a warranty lasts; or how long an implied warranty lasts, so that the above limitations may not apply to you. Refer to your local laws for your specific rights under this limited warranty.
